PRIVILEGED VIEWS

Thanks to its lucky story both in the art and in the architecture, Italy has always enjoyed of a privileged window on the world of the creative disciplines. Sensibility, aesthetic taste and creativity start from here and they distinguish the products made in Italy.

Today Bongio, consolidated in the design product, supports and proposes the new project 'Classica by Bongio', which in its intentions recalls a traditional taste and evokes products of high quality and nobility of the beginning of the 20th century.

Sure to stimulate your imagination in the choice of a new range, always in respect of the quality standard of Bongio company, we invite you to look into the windows of this catalogue..

double interlock hose, 1/2" FF conical

COLOURS & FINISHES

ON - NATURAL BRASS

Natural finiture of the raw brass that during the time and in contact with the air, it will change the tonality, becoming more dark over the surfaces of less contact.

CR - CHROME

It is the most required finiture with a mirror surface. Our higher thickness of chrome grants higher resistance.

NI - LIGHT NIKEL

Finiture very similar to the chrome but more warm. At the beginning you have a mirror-yellow surface. Then the time and the air change to a silver tonality.

OR - GOLD

Galvanic finiture obtained by 24 kt gold electrolytic processing.

OP - BRUSHED GOLD

Manual brushing made on the am gold finiture. This has suggested for the modern collections.

BR - BRONZE

Galvanic finiture obtained by a manual brushing that evidences the dark and clear metallic reflections, covered then by a transparent varnish. This finiture it is the best for the classic collections.

AG - OLD SILVER

Galvanic finiture obtained through a manual brushing and recovered by a transparent varnish. this finiture is similar to the tonality of the pewter and it has suggested for the classical collections.

CHROME

LIGHT NIKEL

GOLD

NATURAL BRASS

BRUSHED GOLD

BRONZE

OLD SILVER

During a century, like our one, where the water is becoming precious than gold, bongio promotes the campaign “I LOVE WATER”, wishing to push the culture of the water saving as a fundamental duty of every Citizen. It is to follow this philosophy, that bongio has started a series of particular actions. That all the bongio mixers & showers will have a particular device that will reduce the flow of the water without limiting the functionality and the design, but granting to have an important energetic and economic save. Moreover following the same philosophy, bongio will support a water project to build new wells of water for the African population, financing the AMREF Association, believing that also our historical customers and the new ones can appreciate the choice. To be updating about the initiative, please visit our web site: www.bongio.in
